Alukov®

INTRODUCTION

Dear customers and business partners

Our company Alukov is proud to present our latest catalogue. We are one of the world's leading manufacturers of swimming pool enclosures and you our customers are the inspiration for our innovative development. Our professional team of architects and engineers ensure your dreams come true.

With the highest care and attention to detail we create a bespoke enclosure that is unique to you which will complement your garden and add a new dimension to living outside. Thanks to our research and development we have been able to push past the technical and design barriers creating new benchmarks for others to admire.

With vast financial investment and several years of developing the telescopic enclosure, Alukov has proudly produced patented product that will enhance any lifestyle.

Our fully qualified and experienced sales and technical departments are always available to answer any questions you may have concerning your garden. You as a customer can be assured that we will find and create an individual solution to meet your needs.

Our pre-sale and aftercare service is of paramount importance to us as we believe in developing long term partnerships with our customers. We like to think we are more than consultants and advisors. We are here to show and help you make the right decision. The right decision for you. I do hope, by looking through our catalogue, you will be inspired to allow us to work with you, to produce your very own, unique telescopic enclosure.

For more than 20 years we have been satisfying customers with our products and services.

It is my hope that you will join us too.

Jan Zitko
Managing director, ALUKOV a.s.
President of IPC TEAM

BRAND NEW SHAPE

MORE SPACE FOR YOUR COMFORT...

OMEGA™

The Omega Ω as it is described in the Greek alphabet meaning the ultimate, also applies to our Omega model which is the ultimate in pool cover designs. The design of the Omega structure gives an optical illusion that the cover is lower than it actually is. The Omega enclosure is high enough on all sides to allow users to walk inside under the cover. The technically advanced new design gives a sense of grandeur and unrivaled quality. This enclosure (as well as other models) can be fitted with a wide Bi-Folding doors on request.

max. width: 9.74 m / height: 2.22 – 3.00 m / length: on request

NEO™ RANGE

ELEGANT NEO™

IMPERIA NEO™-light

LAGUNA NEO™

TROPEA NEO™

UNIVERSE NEO™

We would like to introduce to you our exclusive range of NEO™ pool enclosures. The NEO™ range was specifically designed for customers who seek only the highest quality with the most demanding requirements. The NEO™ range is characterized by its round shaped profiles and is fitted with our easy-up locking system which is positioned at a comfortable height level which eliminates the need to bend down to lock and secure the pool enclosure.

SWIMMING POOL AND SPA ENCLOSURES

ELEGANT NEO™

TROPEA NEO™

LOW RANGE

OCEANIC LOW MODEL

CORONA™

The lowest pool enclosure in our range. It is the ideal solution for customers who want to protect their garden views yet it is still high enough to swim under the cover.

width: 3.00 - 6.00 m / height: 0.48 - 1.19 m / length: on request

ELEGANT

Elegant is its design which says everything about this pool enclosure. With its nice round curves and round shape and its generous height allowance, swimming under the cover makes it perfect.

width: 3.00 - 9.00 m / height: 0.85 - 1.70 m / length: on request

OCEANIC LOW MODEL

The Oceanic pool enclosure is designed with an angled shape and large profiles which has resulted in less glazing bars being used which benefits the user with unrestricted views.

width: 4.00 - 8.00 m / height: 0.85 - 1.70 m / length: on request

RIVIERA™

The Riviera pool enclosure has the same high quality structural design as the Oceanic with the exception that unlike the Oceanic, the Riviera is moved on wheels and not on tracks.

width: 3.50 - 6.00 m / height: 0.70 - 1.20 m / length: on request

VIVA™

Offers the same advantages as the Corona with the added advantage of having only one side rail track giving a smooth movement of the cover.

width: 3.00 - 6.00 m / height: 0.52 - 1.23 m / length: on request

SWIMMING POOL AND SPA ENCLOSURES

Would you like to swim all the year but never lose the views of your surroundings? Alukov have designed these swimming pool enclosures with just that in mind. Look at our selection and choose the one that is right for you.

MEDIUM-HEIGHT RANGE

TROPEA

UNIVERSE

The Universe swimming pool enclosure has a rounded shape which gives a higher central line positioned over the middle of the swimming pool. In the highest segment of the enclosure an access door can be fitted.

width: 2.50 - 9.00 m / height: 0.80 - 2.80 m
length: on request

TROPEA

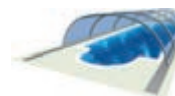

The Tropea is a superb combination of the spacious Laguna and the low level Elegant Neo which gives you an enclosure that fulfils all expectations. The design has higher vertical sides allowing you to sit on the edge of the pool while still being under the cover. It is made from clear polycarbonate with UV resistance.

width: 4.00 - 9.00 m / height: 1.50 - 2.45 m
length: on request

SWIMMING POOL AND SPA ENCLOSURES

VISION™

LAGUNA

The Laguna swimming pool enclosure is extremely spacious and is one of our most popular designs. The spacious creation with its nice round elegant design can be used for possible entertainment occasions as it provides shelter from all the natural elements.

OLYMPIC™

High model with a round semi-dome on one or both ends make this enclosure truly unique. The rounded parts can be opened as well as the „body“ of the cover. Olympic will satisfy even the fussiest of clients.

OCEANIC HIGH MODEL

The Oceanic swimming pool enclosure offers lots of space for the discerning customer. The Oceanic design gives a spacious walking and leisure area immediately around the pool, allowing tables and chairs to be placed within the cover and still leaving enough covered area for running or for the use of exercise equipment while always being under cover. On sunny days you can open it up completely and feel the fresh surroundings unlike indoor pools.

OMEGA™

Thanks to its construction creates a wide enclosure without increasing its height.

ORIENT

Made to measure unique, futuristic, dome design, which comes with a customer choice of two polycarbonate types. The design allows wide openings with unrestricted door access.

RAVENA

The Ravena has one straight side and opposite has a curved side. The Ravena allows walking around three sides and the design is ideal for modern homes.

VENEZIA

The Venezia is a special enclosure allowing users to walk on both sides of the pool. Due to its structural integrity it can be made into wide sizes.

VISION™

Designed with large sized profiles. Users will have the freedom to walk on both sides in side this spacious enclosure and is very easy to open and close.

OCEANIC HIGH MODEL

ORIENT

OLYMPIC™

OLYMPIC™

The Olympic is a marque product made exclusively by Alukov. With its eye catching design and option to have one or two domes at each end gives the user multiple usage options. Spacious enough to walk around, each dome can open up to 90 degrees with the main body structure having the facility to slide open too.

Like all our enclosures the Olympic comes with the option of a remote control electric motor to open and close the enclosure. The colour of the aluminium frame can be produced in wood effect (applies to all models).

OLYMPIC™

width: 5.00 - 11.00 m / height: 2.6 - 3 m / length: on request

Another flat rails suitable for larger enclosures. Still only 15mm thick.

VIVA IN ANTHRACITE

BENEFITS

PLEASURE

- Extended swimming season (from spring to autumn)
- Swimming pleasure on sunny days... just slide the enclosure open behind the pool
- Time-saving and easy maintenance
- Fewer water quality controls and less use of chemicals
- Better water quality
- Constant water temperature during night
- Easy manipulation
- Less water evaporation
- Increased solar effect, reduced heating costs
- Free and eco-friendly warming of the water

AESTHETICS

- Individualized solutions and optimal model selection of your pool enclosure
- Choice of colours of the aluminium structure
- Choice of colours of the polycarbonate filling
- Elegant finish of joints and connecting parts
- Clean and professional craftsmanship

SAFETY

- Can prevent accidental falling children and pets into the pool
- Complete fastening system which protects the enclosure from bad weather conditions
- The whole enclosure can be fully lockable
- Skin cancer protection – cuts the impact of harmful sun rays
- Protection of the swimming pool against UV-rays and wind
- Tried and proven KOMFORT and PROGRES surface guide rail systems
- AIF FRESH System – ventilation system protects your pool from overheating on hot days.

RELIABILITY

- Reliable and long-lasting sealing of the polycarbonate glazing
- Reinforced profile construction of the end panels
- Possibility of combining single chamber PC 10 mm with compact PC 4 mm
- Reduced damage to your pool caused by winter weather
- Comprehensive costumer service, from the first call to after the sale

PRESENTATION OF THE COMPANY

The ALUKOV a.s. company was established in Orel (near Chrudim), Czech Republic, in 1995. Since then we have produced over 20,000 pieces of enclosures. The high production capacity (around 3,000 pieces per year) of its facilities makes the company one of the leading manufacturers of swimming pool, spa and patio enclosures. The company is also the founder of a leading and internationally-respected association of qualified industry professionals (manufacturers and vendors): IPC Team (Inter Pool Cover Team, E.E.I.G.). In its field of business, ALUKOV a.s. ranks among the key developers in terms of innovative swimming pool enclosures worldwide. Every year ALUKOV presents its clients with new enclosure models and new technical product solutions, marked by novel and attractive features. All enclosure systems manufactured by ALUKOV a.s. are exported globally to the EU and other European countries, as well as Asia and the USA. Our products are characterized by outstanding quality, reliability, timeless design and ease of handling. Our professional experience of many years enables us to offer a wide range of types and models of swimming pool and spa enclosure options. The customer can thus choose from an array of low, medium-height and high models. The maximum enclosure width can even reach 13 m, depending on model type.

OUR PRODUCTION PROGRAM

ALUKOV offers three main programmes: POOL Programme includes 19 models, SPA Programme offers 6 types altogether which can be used to not only cover a hot tub, but can also serve as an innovative garage for one's car! Our new HOME Programme includes CORSO models suitable patios, restaurant outdoor areas and much more... The complete range of enclosures can be accessed via our website www.alukov.co.uk.
